---

PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on experience in SQL, Python, Power BI, Excel, and MySQL. Skilled in data analysis, data visualization, dashboard development, business intelligence reporting, and data transformation. Experienced in performing exploratory data analysis (EDA), data cleaning, ETL processes, and KPI reporting on structured datasets (10,000+ records). Strong understanding of data modeling, statistical analysis, and cloud-based data workflows using AWS S3. Passionate about leveraging data-driven insights to support business decision-making and reporting automation.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy)
Databases: SQL, MySQL (Joins, Aggregations, Subqueries, Query Optimization, Data Extraction)
Business Intelligence & Visualization: Power BI (DAX, KPI Development, Interactive Dashboards), Data Visualization, Dashboard Development, Business Intelligence, KPI Reporting
Data Tools: Excel (Pivot Tables, Power Query)
Data Analysis & Processing: Data Analysis, Exploratory Data Analysis (EDA), Data Cleaning, Data Transformation, ETL, Data Modeling, Statistical Analysis
Cloud & Integration: AWS S3, Cloud Data Integration, Cloud Storage Architecture, Reporting Automation.

PROJECT EXPERIENCE

Business Pulse – Real-Time Data Analytics Dashboard

- Performed data extraction, transformation, and analysis on 15,000+ simulated business transaction records using SQL and Python.
- Conducted exploratory data analysis (EDA) to identify revenue trends, customer behavior, and product performance insights.
- Cleaned and transformed raw datasets using Pandas, improving data accuracy and reducing redundancy by 25%.
- Developed interactive Power BI dashboards with KPI metrics, revenue tracking, category-level performance, and profitability analysis.
- Created 12+ advanced DAX measures for revenue growth analysis, discount impact analysis, and contribution margin reporting.
- Implemented dynamic filters and drill-down functionality to automate reporting and reduce manual effort by 30%.
- Designed optimized data models to improve query performance and reporting efficiency.

Cloud-Integrated Data Pipeline & Dashboard Development

- Built end-to-end ETL workflow integrating AWS S3 cloud storage with SQL-based transformation and Power BI visualization.
- Retrieved structured datasets from cloud storage and performed SQL-based data transformation and aggregation.
- Designed business intelligence dashboards with automated refresh configuration for near real-time reporting.
- Strengthened understanding of cloud-based data ingestion, data warehousing concepts, and BI tool integration.

Customer Shopping Behavior Analysis

- Analyzed 10,000+ customer purchase records using SQL joins, aggregations, filtering, and grouping techniques.
- Conducted statistical analysis and EDA using Python to identify purchasing trends and segmentation patterns.

- Built Power BI dashboards for customer segmentation, sales forecasting trends, and revenue analysis.
- Generated actionable business insights to improve customer targeting strategies.
- Automated data cleaning workflows, reducing manual data preparation time by 20%.

E-Commerce Sales Dashboard

- Analyzed multi-dimensional sales dataset (8,000+ records) using SQL and Excel for revenue and profit analysis.
- Validated and cleaned datasets to ensure reporting accuracy and data integrity.
- Developed KPI-driven dashboards including monthly revenue trends, regional analysis, and category-level performance.
- Optimized DAX calculations for improved reporting clarity and visualization efficiency.

EDUCATION

Master of Science (Chemistry) | 2023 – 2025
New Art Commerce & Science College, Ahmednagar
Relevant Coursework: Statistics, Analytical Techniques, Data Interpretation
Percentage: 72%

Bachelor of Science (Chemistry) | 2020 – 2023
Pemraj Sarda College, Ahmednagar
CGPA: 8.38

Higher Secondary Certificate (HSC – Science) – 78.23%
Secondary School Certificate (SSC) – 86.20%

CERTIFICATIONS

- AWS Cloud Practitioner Essentials – Amazon Web Services (Jan 2026)
- Data Analyst Certification – One Roadmap (Sept 2025)
- SQL for Data Analysis – LinkedIn Learning (Dec 2025)
- Master in Business Intelligence: DAX, Power BI & Excel – LinkedIn Learning (Dec 2025)

ACHIEVEMENTS

- Secured Top 5 Rank in Bachelor's Degree at Pemraj Sarda College.
- National-Level Silver Medalist in Table Soccer.
